Pupil Expectations

Expectation; "the feeling of expecting something to happen", a set of goals or standards that can be expected of a group or individuals. For example, you could expect a policewoman to be fair, unbiased and responsible, a nurse to be caring and skillful. Each of us can judge ourselves or be judged by others, against these expectations.

The *Pupil Expectations* are the result of consultation with all pupils during the year 2020/21. The final consultation took place as part of the Student Council meeting, autumn term 2021.

With the reviewed Headship team strucutre introduced in September 2025, the Pupil Expectations were revisited by the team, with the proposed amendments put forward to the Pupil Council for discussion

Lessons

To help contribute to the best possible learning of each member of our class we will;

- be prompt to the start of our lessons
- not be afraid to ask questions of our teacher
- know our personal targets for the subject
- show respect for all members of the class
- recognise 'just enough' as not enough
- be proud of our work; 'if a job's worth doing, it's worth doing well.'
- Listen, read and act on feedback
- prepare for our lessons - Review, Equipment, Mindset [REM]
- be open and happy to do extension work rather than seeing it as a chore
- try to contribute and take an active role in all lessons.
- take responsibility to catch up with any lessons missed
- get in contact with the teacher for support
- not disrupt others nor shout out
- listen to each other when making contributions
- be proactive in note taking or getting on with work - not waiting to be asked

Homework and out of class

Work completed outside lesson time helps to either prepare for the next lesson or review the learning of the previous lesson. To get the most from homework, we will;

- meet deadlines, contacting teachers in advance if we know we may not be able to do so.
- give our best effort each time
- read around the subject to add depth to knowledge and understanding
- review work weekly.
- act on Teams and email daily
